## **DETAILED ACTION**

1. This Office action is response to Applicant's AMENDMENT and RCE 02/21/2011.

### ***Request for Continued Examination (RCE)***

2. The request filed on 02/21/2011 for a Request for Continued Examination (RCE) under 37 CFR 1.114 based on parent Application No. 09/943,799 is acceptable and a RCE has been established. An action on the RCE follows.

3. Claims 6 and 18-19 were cancelled.

4. This application is in condition for allowance except for the following formal matters:

### ***Claimed Subject Matter Not in Specification***

5. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: "graphical claim structure", "geometric outlines" "patent claims series", "integrally visually generated", "a single interactive diagram, "a single user interface pane" and "hierarchical diagrams" are lacking the requisite support for the

claimed subject matter (claimed subject matter is only presented in the claims and not in the specification). Applicants are advised to amend the claim(s) in a language that helps one skilled in the art can make and use the claimed invention.

***Drawings***

6. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the “graphical claim structure”, “geometric outlines” “patent claims series” “integrally visually generated” “a single interactive diagram” and “a single user interface pane” must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as “amended.” If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an

application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Note: The application would be allowed if the above conditions are met.
